

Specialties

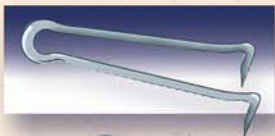

"Gripfit" Tubing Straps

Grips tubing and leaves hands free for fastening. Center rib provides extra strength. Available in solid copper and copper coated steel.

Shower Curtain Pins

The most popular size and style. The blunt end prevents damaging curtain or jabbing of fingers. Heavily chrome plated to prevent rust.

"Gripfit" Pipe Hooks

Basic or copper coated steel. Either type available with plastic dipped gripping surface to prevent expansion noise and electrolysis. "Gripfit" holds pipe tightly; humped shoulders form solid driving surface.

Test Plugs

With rugged cast aluminum body, smoothly turning cast iron wing nut, and live rubber ball. Rugged construction throughout. In the most popular sizes.

Drain Flushers™

A Sturdy Tool for Cleaning Drain Lines and Sewers

Just attach to garden hose and slide Drain Flusher into drain. Water expands Flusher to size of pipe. Then water pressure pushes stoppage down the line.

Equipped with back-flow preventer on the inlet side. Made of tough reinforced nylon to resist punctures. Far more durable than rubber. Narrow profile and internal flat spring help work Drain Flusher around bends. Blister packed on three-color cards.

Catalog Number	Size	Weight/Pounds
1.5DF	1-1/2"	1/2
2.5DF	2-1/2"	1/2
3DF	3"	3/4
4DF	4"	1
