

Auto-Feed Power Drain Cleaners

Easier – Faster – Cleaner

Auto-Feed drain cleaners are easier for your customers to use than manual feed machines. Instead of wrestling the cable into and out of the line, the power cable feed drives the cable into the line at up to 20 feet per minute. Put the feed in reverse and it retracts the cable easily too. Some cables weigh up to 100 lbs. so this is a real labor saver.

The power cable feed and guide tube combination allow the cable to feed smoothly into the line while keeping your customers' hands clean and away from the spinning cable.

The open drum design lets you see the condition of the cable after it comes back from each rental so you can clean and lubricate it as necessary. An inner drum cage helps to prevent abusive customers from tangling the cable inside the drum.

Auto Feed power drain cleaners keep your customers happy and coming back for more.

The toughest tools down the line.™

Auto-Feed Power Drain Cleaners

Speedroooter 92R™ Open Drum

For 3" to 10" lines

With power to handle tough stoppages like roots and other heavy obstructions, this tough machine is surprisingly portable. The power cable feed has the power to get the cable into and out of the line, even on long tough jobs. Heavy-duty 10" wheels, stair climbers, and a folding handle make handling easy. Big capacity open drum carries 100 feet of Flexicore® cable.

Speedroooter 92R Units

P-S92-0 Basic	With Open Drum, Power Cable Feed, Guide Tube, 1/3 hp Capacitor Motor, Air Foot Switch, 10" Heavy-Duty Wheels, and Folding Handle.
P-S92-C-0	With 100 x 3/4" (100EM5) Cable and SRCS-R Cutter Set
P-S92-E-0	With 100 x 5/8" (100EM4) Cable and SRCS-R Cutter Set

Metro-Rooter™ Open Drum

For 2" to 4" lines

The Metro-Rooter's heavy duty reinforced frame takes rough handling in the field. The variable speed power cable feed drives and retracts cable at up to 20 feet per minute. Big 10" wheels and a fold down handle make it easy to transport. Open drum carries up to 100 ft. of 1/2" Flexicore® cable.

Metro-Rooter Units

P-ME-0 Basic	With Open Drum, Power Cable Feed, Guide Tube, 1/3 hp Capacitor Motor, Air Foot Switch, 10" wheels, and Folding Handle.
P-ME-B-0	With 75 x 1/2" (75EM3) Cable and EJCS Cutter Set.
P-ME-C-0	With 100 x 1/2" (100EM3) Cable and EJCS Cutter Set.

Mini-Rooter XP™ Open Drum

For 2" to 4" lines

The Mini-Rooter XP gives you extra performance with the variable speed automatic feed. It easily drives 1/2" cables up to 75 feet down the line to clear 2" to 4" lines. You get extra portability with 8" wheels for easier handling and a fold down handle to save space in the vehicle.

Mini-Rooter XP Units

P-XP-0 Basic	With Open Drum, Power Cable Feed, Guide Tube, 1/3 hp Motor, Air Foot Switch, 8" Wheels, and Folding Handle.
P-XP-C-0	With 50 x 1/2" (50EM3) Cable and MRCS Cutter Set.
P-XP-D-0	With 75 x 1/2" (75EM3) Cable and MRCS Cutter Set.

Drain-Rooter PH™ Open Drum

For 1-1/4" to 3" lines

With a variable speed motor and a variable speed power cable feed, the Drain-Rooter PH makes drain cleaning jobs cleaner and easier. The unit feeds and retrieves the cable at up to 16 ft. per minute. The drum speed can be varied by changing pressure on the foot pedal. Clears sink, tub, and laundry drains up to 50 ft long.

Drain-Rooter PH Units

PH-DR-0 Basic	With Open Drum, Power Cable Feed, Guide Hose, Variable Speed Motor, and Air Foot Switch.
PH-DR-A-0	With 50 x 5/16" (50HE1-A-DH) Cable.
PH-DR-B-0	With 50 x 5/16" (50HE1-AC) Cable and HECS Cutter Set.
PH-DR-C-0	With 35 x 3/8" (35HE2) Cable and HECS Cutter Set.
PH-DR-D-0	With 50 x 1/4" (50HE1-DH) Cable.
