

Jet-Set™

Clears Grease, Sand and Ice

General's Jet-Set™ gives you new weapons to use on some of your toughest clogs. Using a stream of high pressure water that hits the stoppage and flushes it away. The thrust of the nozzle drives the hose down the line and gives you wall to wall pipe cleaning action.

Electric Powered Jets

The versatile **J-1450** has the same pump and motor as the J-1400, yet also features a hose reel for easier hose handling, and a built-in dolly with eight-inch semi-pneumatic wheels and a telescoping handle to let you roll the machine easily to and from the job. The hose reel comes off in seconds making it easier to get the machine into a car trunk.

J-1450

Specifications:

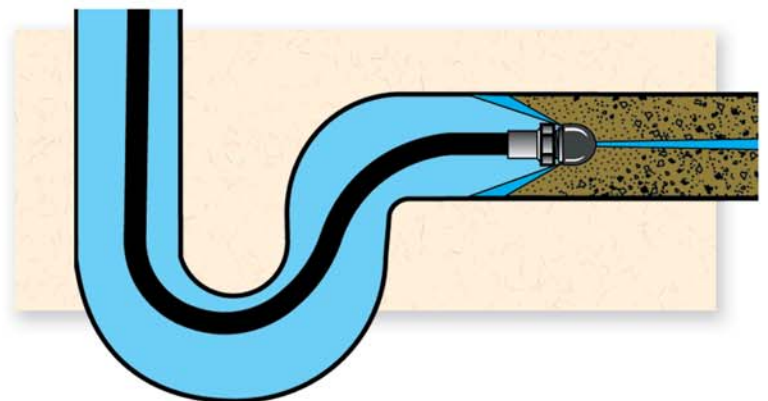

Pump: Triplex w/Vibrapulse®	Reel Capacity: 150 ft. x 1/4" hose
Pressure: 1500 psi	Weight: 105 lbs. (48 kg)
Flow: 1.7 gpm	Dimensions: 27" L x 17-1/2" W x 32" H (14-1/2" H w/o Reel)
Motor: 1-1/2 hp 13 amp w/GFCI	(69 cm x 45 cm x 81 cm)

The hose reel comes off in seconds making it easier to get the machine into a car trunk.

Vibrapulse®

This is what separates General's Jet-Set from ordinary pressure washers. Vibrapulse® breaks the initial tension between the surface of the hose and the walls of the pipe, thus helping the hose slide around tight bends and propel itself farther down the line. Vibrapulse® increases the cleaning power of low pressure electric jetters, and is particularly useful in jetting around bends in small drains.

Gas Powered Jets

The economical **J-2900** has four times the power of electric jets, yet is nearly as maneuverable. With a 13 hp Honda engine and 3000 psi, 4 gallon per minute direct drive pump it's lighter, yet maintains the same pressure and flow rate as the J-3000. Great for maintenance work, it can easily clear grease clogged lines up to 200 ft. long.

Specifications:

Pump: Triplex w/Vibrapulse®	Reel Capacity: 200 ft. x 3/8" hose
Pressure: 3000 psi	Weight: 173 lbs. (78 kg)
Flow: 4 gpm	Dimensions: 25-1/2" L x 28-1/2" W x 42" H (65 cm x 72 cm x 107 cm)
Engine: 13 hp w/Low oil shut off.	

J-2900

The **J-3000** is great for large lines and long runs, as well as small lines. Its 3000 psi, 4 gallon per minute triplex pump gives you Vibrapulse® on demand. A reliable 13 hp "Quiet Drive" Honda engine is attached to a 2 to 1 gear reducer to extend the life of the pump. An optional Cart-Reel™ lets you use the power of the gas jets indoors.

Specifications:

Pump: Triplex w/Vibrapulse®	Reel Capacity: 300 ft. 3/8" hose
Pressure: 3000 psi	Weight: 203 lbs. (92 kg)
Flow: 4 gpm	Dimensions: 40" L x 24" W x 42" H (102 cm x 61 cm x 107 cm)
Engine: 13 hp w/Low oil shut off, and Gear Reducer
