

Hot-Shot™ *Just got hotter!*

Two pipe thawing machines from General!

No more tearing up floors, breaking through walls, or digging around frozen pipes in frozen ground. Now you can eliminate hazardous blow torches and stop worrying about expensive repairs or damage. With the safe Hot-Shot pipe thawer, you can accomplish the job faster and easier—and save time and money.

Easy To Operate

Just carry your Hot-Shot to the job, attach the pipe clamps and plug it into any convenient 115 volt receptacle. In a matter of minutes, the frozen pipe will begin flowing again.

Lighter Weight; Lower Amp Draw

The *Hot-Shot 320* weighing in at just 30 lbs., generates 320 amps of thawing power, yet draws just 14 amps. This little unit can quickly thaw, 1-1/2" diameter lines up to 100 ft. long.

Hit 'Em High; Hit 'Em Low

The Hot-Shot 400 gives you the power to clear longer and larger lines with 400 amps of thawing power. It's powerful enough to clear 1-1/2" diameter lines up to 175 ft. long, yet weighs just 31 lbs.

Stuck on a job with only 15 amp breakers?

Just flip the switch on the Hot-Shot 400 and the amp draw drops below 14 amps while the unit still delivers 320 amps of thawing power.

Strong And Safe

Both units are housed in heavy-gauge steel boxes built to take a pounding. Safety features like thermal overload protection and circuit breakers are standard equipment.

Hot-Shot™

MODEL 400

Specifications

Weight

31 lbs. without cables.

Switcable Output Current

High: 400 amps with
20 amps

Low: 320 amps with
14 amp draw

Maximum Range:

175 ft. x 1-1/2" lines.

Safety Features:

20 amp Circuit Breaker,
Thermal Overload Protection.

Standard Cable Package:

Two 20 ft. #2 cables.
with clamps and lugs.

Dimensions:

9" W x 9" D x 9" H

Guaranteed for 2 years

MODEL 320

Specifications

Weight

30 lbs. without cables.

Output Current:

320 amps
14 amp draw

Maximum Range:

100 ft. x 1-1/2" lines.

Safety Features:

15 amp Circuit Breaker,
Thermal Overload Protection.

Standard Cable Package:

Two 20 ft. #2 cables.
with clamps and lugs.

Dimensions:

9" W x 9" D x 9" H

Guaranteed for 2 years

MODEL 300

Specifications CSA Approved (Available in Canada Only)

Weight

60 lbs. without cables.

Output Current:

325 amps
17 amp draw

Maximum Range:

100 ft. x 1-1/2" lines.

Safety Features:

20 amp Circuit Breaker,
Thermal Overload Protection.

Standard Cable Package:

Two 20 ft. #1 cables.
with clamps and lugs.

Dimensions:

12" W x 12" D x 12" H

Guaranteed for 2 years
